## Education

### Bharati Vidyapeeth College of Engineering

Bachelor of Technology (Computer Engineering), CGPA: 7.8

Aug. 2022 – May 2026

Pune, Maharashtra

## Technical Skills

**Programming Languages:** HTML, CSS, JavaScript, SQL, C++, Python, C

**Developer Tools:** VS Code, WEKA, Chrome DevTools, Jupyter Notebook

**Technologies/Frameworks:** GitHub, React, Node.js, Vite

**Concepts:** Data Structures & Algorithms (DSA), Object-Oriented Programming (OOP)

**UI/UX Design Tools:** Figma, Bulma, Bootstrap, Adobe XD

## Projects

### ATC ChatBot UI/UX Application | HTML, CSS, JavaScript, React, Vite, ParticleJS

- Architected a responsive, mobile-first landing page leveraging React and Vite.
- Integrated ParticleJS for dynamic, interactive visual effects.
- Developed a secure authentication module with form validation and encryption.
- Led Agile development, ensuring cross-browser compatibility.

### College Magazine Platform | HTML, CSS, JavaScript, React, Node.js

- Conceptualized a digital platform converting a traditional college magazine into an e-book.
- Engineered a mobile-responsive layout for optimal performance.
- Implemented a categorization system for easy navigation of magazine issues.
- Collaborated with the Editorial Board for user-centric design.

### Expense Tracker | HTML, CSS, JavaScript, React, Node.js

- Developed a robust expense tracking application with comprehensive analytics.
- Implemented interactive charts to visualize financial trends.
- Designed a responsive interface for seamless navigation.
- Integrated secure authentication and real-time data sync.

## Experience

### Cognifyz Technologies

Web Developer Intern

Feb 2025 – Mar 2025

Remote

- Developed dynamic web applications using HTML, CSS, JavaScript, and modern frameworks such as React and Vite.
- Collaborated with a creative team to design and implement user-friendly interfaces.
- Gained hands-on experience in API integration, debugging, and performance optimization.
- Strengthened my understanding of both front-end and back-end development practices.

### The Moronss

Full Stack Developer Intern

Apr 2025 – Present

Remote

- Worked on prototype management and full-stack development tasks using modern technologies.
- Troubleshooting and fixing bugs to improve system performance and reliability.
- Collaborating with cross-functional teams to deliver scalable and maintainable codebases.
- Conducting usability testing to enhance user experience and interface responsiveness.

## Leadership / Extracurricular Activities

**Editorial Board:** Senior Editor, Editorial Board

**Blotic Technical Club:** Marketing Head, Blotic Technical Club of College
